

Maryland Health  
Care Coalition  
Against Domestic  
Violence

# Traumatic Brain Injury as a Result of Domestic Violence:

Information, Screening and Model Practices

## OBJECTIVES

- Build knowledge on Traumatic Brain Injury (TBI) and DV intersections, screening, referrals and the impact of behavior and communication on DV survivors with TBI.
- Describe the impact on and significance of TBI in DV populations.
- Apply screening techniques for TBI in service-oriented work.
- Develop advocacy skills to work on behalf of DV survivors living with TBI.
- Learn to assess and promote safety planning techniques relevant to DV survivors and TBI.

## SOCIAL WORK CEUS

The Maryland Board  
of Social Work  
Examiners certifies

that this program meets the  
criteria for 6.5 credit hours of  
Category I continuing  
education for social workers  
and associates. Provided by  
the Maryland Network Against  
Domestic Violence.
